

# SAFETY DATA SHEET

# 1. Identification

#### Material name: GEOGARD LO BASE COAT 5 GAL Material: 491L005P

# Recommended use and restriction on use

**Recommended use:** Coatings **Restrictions on use:** Not known.

#### Manufacturer/Importer/Supplier/Distributor Information

Tremco Incorporated 3735 Green Road BEACHWOOD OH 44122 US

Contact person: Telephone: Emergency telephone number: EH&S Department 216-292-5000 1-800-424-9300 (US); 1-613-996-6666 (Canada)

# 2. Hazard(s) identification

# Hazard Classification

#### Health Hazards

| Respiratory sensitizer | Category 1  |
|------------------------|-------------|
| Skin sensitizer        | Category 1  |
| Carcinogenicity        | Category 1A |

#### **Unknown toxicity - Health**

| Acute toxicity, oral                     | 51.86 % |
|--|---------|
| Acute toxicity, dermal                   | 54.31 % |
| Acute toxicity, inhalation, vapor        | 100 %   |
| Acute toxicity, inhalation, dust or mist | 99.62 % |

#### **Environmental Hazards**

| Acute hazards to the aquatic | Category 3 |
|------------------------------|------------|
| environment                  |            |

# **Unknown toxicity - Environment**

| Acute hazards to the aquatic environment   | 97.65 % |
|--|---------|
| Chronic hazards to the aquatic environment | 100 %   |

#### Label Elements

Hazard Symbol:

| Signal Word:                                  | Danger   |
|---|--|
| Hazard Statement:                             | May cause allergy or asthma symptoms or breathing difficulties if inhaled.<br>May cause an allergic skin reaction.<br>May cause cancer.<br>Harmful to aquatic life.  |
| Precautionary<br>Statements                   |  |
| Prevention:                                   | Avoid breathing dust/fume/gas/mist/vapors/spray. [In case of inadequate ventilation] wear respiratory protection. Contaminated work clothing should not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. |
| Response:                                     | If inhaled: If breathing is difficult, remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms: Call a POISON CENTER/doctor. IF ON SKIN: Wash with plenty of water. If skin irritation or rash occurs: Get medical advice/attention. IF exposed or concerned: Get medical advice/attention. Specific treatment (see on this label). Wash contaminated clothing before reuse.             |
| Storage:                                      | Store locked up.   |
| Disposal:                                     | Dispose of contents/container to an appropriate treatment and disposal facility in accordance with applicable laws and regulations, and product characteristics at time of disposal.   |
| Hazard(s) not otherwise<br>classified (HNOC): | None.  |

# 3. Composition/information on ingredients

#### **Mixtures**

| Chemical | Identity |
|----------|----------|
|          |          |

CAS number

Content in percent (%)\*

| Calcium Carbonate<br>(Limestone)            | 1317-65-3  | 30 - 60% |
|---|------------|----------|
| Calcium oxide                               | 1305-78-8  | 1 - 5%   |
| Titanium dioxide                            | 13463-67-7 | 1 - 5%   |
| Crystalline Silica (Quartz)/<br>Silica Sand | 14808-60-7 | 0.1 - 1% |
| Hydrotreated heavy naphthenic distillate    | 64742-52-5 | 0.1 - 1% |
| Dibutyl tin dilaurate                       | 77-58-7    | 0.1 - 1% |
| Tosyl isocyanate                            | 4083-64-1  | 0.1 - 1% |
| 4,4'-Methylene<br>bis(phenylisocyanate)     | 101-68-8   | 0.1 - 1% |
| 2,4-Toluene diisocyanate                    | 584-84-9   | 0.1 - 1% |
| Amorphous silica                            | 7631-86-9  | 0.1 - 1% |
| Polymethylene polyphenyl isocyanate         | 9016-87-9  | 0.1 - 1% |

\* All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

| 4. First-aid measures  |  |   |  |  |
|--|--|---|--|--|
| Ingestion:   | Rinse mouth thoroughly.  |   |  |  |
| Inhalation:  | Call a physician or poison control center immediately. If breathing stops provide artificial respiration. Move to fresh air. If breathing is difficult, give oxygen.   |   |  |  |
| Skin Contact:  | Destroy or thoroughly clean contaminated shoes. Immediately remove<br>contaminated clothing and shoes and wash skin with soap and plenty o<br>water. If skin irritation or an allergic skin reaction develops, get medical<br>attention. |   |  |  |
| Eye contact:   | Rinse immediately with plenty of water.  | Rinse immediately with plenty of water. |  |  |
| Most important symptoms/effects, acute and delayed                     |  |   |  |  |
| Symptoms:  | May cause skin and eye irritation.   |   |  |  |
| Indication of immediate medical attention and special treatment needed |  |   |  |  |
| Treatment:   | Symptoms may be delayed.   |   |  |  |
| 5. Fire-fighting measures  |  |   |  |  |
| General Fire Hazards:  | No unusual fire or explosion hazards noted.  |   |  |  |
| Suitable (and unsuitable) exting                                       | guishing media   |   |  |  |
| Suitable extinguishing media:  | Use fire-extinguishing media appropriate for surrounding materials.  |   |  |  |
| Unsuitable extinguishing media:  | Do not use water jet as an extinguisher, as this will spread the fire.   |   |  |  |
|  |  | 3/18                                    |  |  |

| Specific hazards arising from the chemical:                                | During fire, gases hazardous to health may be formed.   |  |
|--|---|--|
| Special protective equipment an  | d precautions for firefighters  |  |
| Special fire fighting procedures:  | No data available.  |  |
| Special protective equipment for fire-fighters:                            | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.   |  |
| 6. Accidental release measures   | S   |  |
| Personal precautions,<br>protective equipment and<br>emergency procedures: | Ventilate closed spaces before entering them. Evacuate area. See Section 8 of the SDS for Personal Protective Equipment. Keep upwind. Keep unauthorized personnel away. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.   |  |
| Methods and material for<br>containment and cleaning<br>up:                | Dam and absorb spillages with sand, earth or other non-combustible material. Collect spillage in containers, seal securely and deliver for disposal according to local regulations.   |  |
| Notification Procedures:   | In the event of a spill or accidental release, notify relevant authorities in accordance with all applicable regulations.   |  |
| Environmental Precautions:   | Avoid release to the environment. Prevent further leakage or spillage if safe to do so.   |  |
| 7. Handling and storage  |   |  |
| Precautions for safe handling:   | Do not handle until all safety precautions have been read and understood.<br>Obtain special instructions before use. Use personal protective equipment<br>as required. Do not breathe dust/fume/gas/mist/vapors/spray. Avoid contact<br>with eyes, skin, and clothing. Wash hands thoroughly after handling.<br>Provide adequate ventilation. Wear appropriate personal protective<br>equipment. Observe good industrial hygiene practices. |  |
| Conditions for safe storage,<br>including any<br>incompatibilities:        | Store locked up.  |  |

# **Biological Limit Values**

| Chemical Identity   | Exposure Limit Values        | Source              |
|---|------------------------------|---------------------|
| 2,4-Toluene diisocyanate<br>(Toluene diamine (sum of<br>2,4- and 2,6-isomers), with<br>hydrolysis: Sampling time:<br>End of shift.) | 5 μg/g (Creatinine in urine) | ACGIH BEI (03 2018) |

## Appropriate Engineering Controls

Observe good industrial hygiene practices. Observe occupational exposure limits and minimize the risk of inhalation of vapors and mist. Mechanical ventilation or local exhaust ventilation may be required.

# Individual protection measures, such as personal protective equipment

| General information:                | Use personal protective equipment as required.   |  |
|-------------------------------------|--|--|
| Eye/face protection:                | Wear goggles/face shield.  |  |
| Skin Protection<br>Hand Protection: | Use suitable protective gloves if risk of skin contact.  |  |
| Other:                              | Wear chemical-resistant gloves, footwear, and protective clothing appropriate for the risk of exposure. Contact health and safety professional or manufacturer for specific information. |  |

| Respiratory Protection: | If engineering controls do not maintain airborne concentrations below<br>recommended exposure limits (where applicable) or to an acceptable level<br>(in countries where exposure limits have not been established), an<br>approved respirator must be worn. Air-purifying respirator with an<br>appropriate, government approved (where applicable), air-purifying filter,<br>cartridge or canister. Contact health and safety professional or<br>manufacturer for specific information. |
|-------------------------|---|
| Hygiene measures:       | Observe good industrial hygiene practices. Wash hands before breaks and immediately after handling the product. Contaminated work clothing should not be allowed out of the workplace. Avoid contact with skin.   |

# 9. Physical and chemical properties

| Appearance                                   |   |
|--|---|
| Physical state:                              | liquid  |
| Form:  | liquid  |
| Color:                                       | Green   |
| Odor:  | Mild petroleum/solvent  |
| Odor threshold:                              | No data available.  |
| pH:  | No data available.  |
| Melting point/freezing point:                | No data available.  |
| Initial boiling point and boiling range:     | No data available.  |
| Flash Point:                                 | > 100 °C > 212 °F(Setaflash Closed Cup)   |
| Evaporation rate:                            | Slower than Ether   |
| Flammability (solid, gas):                   | No  |
| Upper/lower limit on flammability or explosi | ve limits   |
| Flammability limit - upper (%):              | No data available.  |
| Flammability limit - lower (%):              | No data available.  |
| Explosive limit - upper (%):                 | No data available.  |
| Explosive limit - lower (%):                 | No data available.  |
| Vapor pressure:                              | No data available.  |
| Vapor density:                               | Vapors are heavier than air and may travel along the floor and in the bottom of containers. |
| Relative density:                            | 1.015   |
| Solubility(ies)                              |   |
| Solubility in water:                         | Practically Insoluble   |
| Solubility (other):                          | No data available.  |
| Partition coefficient (n-octanol/water):     | No data available.  |
| Auto-ignition temperature:                   | No data available.  |
| Decomposition temperature:                   | No data available.  |
| Viscosity:                                   | No data available.  |
|  |   |

# 10. Stability and reactivity

# **Reactivity:**

No data available.

| Chemical Stability:                    | Material is stable under normal conditions.   |  |
|--|---|--|
| Possibility of hazardous<br>reactions: | No data available.  |  |
| Conditions to avoid:                   | Avoid heat or contamination.  |  |
| Incompatible Materials:                | Alcohols. Amines. Strong acids. Strong bases. Water, moisture.                                  |  |
| Hazardous Decomposition<br>Products:   | Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapors. |  |

# 11. Toxicological information

| Information on likely routes of e<br>Inhalation:                             | <b>xposure</b><br>In high concentrations, vapors, fumes or mists may irritate nose, throat and<br>mucus membranes. |  |
|--|--|--|
| Skin Contact:  | May cause an allergic skin reaction.   |  |
| Eye contact:   | Eye contact is possible and should be avoided.   |  |
| Ingestion:   | May be ingested by accident. Ingestion may cause irritation and malaise.   |  |
| Symptoms related to the physical, chemical and toxicological characteristics |  |  |
| Inhalation:  | No data available.   |  |
| Skin Contact:  | No data available.   |  |
| Eye contact:   | No data available.   |  |
| Ingestion:   | No data available.   |  |
|  |  |  |

# Information on toxicological effects

| Polymethylene        |                 |
| polyphenyl isocyana  | e               |
| Toluene-2,6-Diisocy  | anate 100 lbs.  |
| Methanol             | 5000 lbs.       |
| Diisodecyl pht       | alate           |
| (mixed Is)           |                 |
| Chlorobenzene        | 100 lbs.        |
| Ethylbenzene         | 1000 lbs.       |
|                      |                 |

# SARA 311/312 Hazardous Chemical

| Chemical Identity            | Threshold Planning Quantity |
|------------------------------|-----------------------------|
| 2,4-Toluene diisocyanate     | 500lbs                      |
| Toluene-2,6-Diisocyanate     | 100lbs                      |
| Calcium Carbonate            | 10000 lbs                   |
| (Limestone)                  |                             |
| Calcium oxide                | 10000 lbs                   |
| Titanium dioxide             | 10000 lbs                   |
| Crystalline Silica (Quartz)/ | 10000 lbs                   |
| Silica Sand                  |                             |
| Hydrotreated heavy           | 10000 lbs                   |
| naphthenic distillate        |                             |
| Dibutyl tin dilaurate        | 10000 lbs                   |
| Tosyl isocyanate             | 10000 lbs                   |
| 4,4'-Methylene               | 10000 lbs                   |
| bis(phenylisocyanate)        |                             |
| Amorphous silica             | 10000 lbs                   |
| Polymethylene polyphenyl     | 10000 lbs                   |
| isocyanate                   |                             |

SARA 313 (TRI Reporting) Chemical Identity

2,4-Toluene diisocyanate

#### Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

**Reportable quantity** 

| 2,4-Toluene diisocyanate | lbs |
|--------------------------|-----|
| Toluene-2,6-Diisocyanate | lbs |

# Clean Water Act Section 311 Hazardous Substances (40 CFR 117.3)

None present or none present in regulated quantities.

# **US State Regulations**

# **US. California Proposition 65**
